

ADOPTION INFORMATION

- + Please be at least 18 years of age, apply in person and have photo identification.**
- + Allow sufficient time to get acquainted with the pets as well as complete an adoption application. To save time, you may download an application form from the website and fill it out before coming in. Applications can also be faxed to you; call 752-7297 during business hours to request one. Including the adoption consultation, the process can take 45 minutes or longer.**
- + Please acquaint yourself with the responsibilities of pet ownership. The purpose of our application/consultation process is to help inform you of the care and financial requirements that go along with adopting a pet that could be your companion for 15 years or longer.**
- + If your household includes other dogs or cats, a "get-**

acquainted” meeting between your current animals and the pet you wish to adopt is necessary prior to adoption approval.

+ Feel free to ask the staff questions about the pets, but please be aware that the staff are caring for the animals in addition to waiting on clients.

+ Unfortunately, due to space constraints, we are unable to reserve or “hold” pets for clients.

+ All adoption applications must be reviewed by the shelter staff prior to approval. In many cases, this can take 24 hours or more – please don’t expect to take your new pet home on the same day an application is made. This review process is designed to make the best match between animal and owner. We want to insure a happy experience both for you and for our animals!
